  - B. A request for contract cancellation will be considered only when a condition exists that originated after The Green Apartments Contract was signed. Please note that financial hardship and roommate conflict does not automatically warrant release from the contract. Information regarding The Green Apartments contract cancellation policy and procedure is available online at <https://housing.ucdavis.edu/how-to-apply/cancel-a-contract-or-lease/>
  - C. A prorated adjustment of the room rate will be made **only** if Student Housing and Dining Services has agreed to and confirmed the cancellation of this contract except in the last two weeks of the quarter. **Whether or not a Student takes occupancy**, the prorated adjustment of the quarterly room rate is based upon the date that the Student Housing and Dining Services Residential Services Office has provided written confirmation of Contract cancellation.
  - D. If the Student abandons the premises before the end of the term, in violation of this Contract, Student Housing and Dining Services may enter and relet the premises, and/or seek damages as provided by California Civil Code Section 1951.2(a). A Student who does not fulfill payment of their housing fees will have HOLDS placed on their registration status until payment is received. Abandonment of the room with or without written notification from the Student does not relieve the Student of any other liabilities hereunder. See Section 23 for information about meal plan abandonment.
  - E. If the Student has received loans and/or grants associated with a federal source account for the payment of campus-based housing, and has cancelled the housing Contract for one of the reasons listed in this section, any refund due to the Student may be used as payment for any said loans and/or grants.
15. **AVAILABILITY OF SEX OFFENDER INFORMATION.** As required by state law, the following notice is provided:
- A. **Registered Sex Offenders Notice.** "Notice: Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at <http://www.meganslaw.ca.gov/> Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which they reside."

16. **CONDUCT.** As members of an apartment community, Student is expected to be considerate of the personal rights of all community members. High-density living requires personal freedom be exercised in a manner that does not restrict the freedom of others. The regulations presented below are designed primarily to ensure the safety and wellbeing of all residents.
- A. Student agrees to comply with all Student Housing and Dining Services policies, including those specifically related to conduct and behavior as well as policies applicable to all University students, as specified in the *UC Policies Applying to Campus Activities, Organizations, and Students*, the UC Davis Policy and Procedure Manual, and the UC Davis Policy on Student Conduct and Discipline, and all state and federal laws, applicable to the Student in The Green Apartments.
  - B. Student understands that a violation of Student Housing and Dining Services policy, or other policies referenced herein, may be considered a breach of this Contract. The University may terminate this Contract and/or exclude Student from entering into future contracts if Student demonstrates an ongoing inability to abide by the requirements and expectations for group living, or engages in conduct that is detrimental to the welfare of residents, employees or physical properties of the University. The University may also restrict the Student from being present in certain Student Housing and/or dining areas.
17. **FIRE SAFETY** is the responsibility of each resident. Student must evacuate the building for all alarms. Apartments may be decorated, however decorations must comply with safety regulations. Torchiere halogen lamps are prohibited as is hanging anything from a ceiling sprinkler or any other type of fire suppression equipment. Wall hangings are limited to those that can be permanently secured by using adhesive based products (i.e. Command Strips).
18. **PETS AND ANIMALS.** Unauthorized animals are not permitted in the apartments for any period of time. Authorized animals include service animals and Student Housing and Dining Services approved emotional support animals.
19. **CARE OF STUDENT ROOMS** is the responsibility of the residents. The Student agrees to care for their apartment and keep their room and unit common areas in a clean and habitable condition. The Student also agrees to report damages and/or items require maintenance promptly. Reasonable care of the rooms and unit common areas assures a livable apartment. Any Student who does not exercise their responsibility for private and/or common areas and whose actions result in undue damage may be required to leave the apartments and pay for damages. Damages in unit common areas are the financial responsibility of all residents assigned to the unit and cost split between residents unless responsible parties can be determined. Mold occurs naturally in the environment and there currently exist no federal or state standards for permissible levels of mold. Student is required to take steps to control the growth of mold and mildew by keeping the premises clean and well-ventilated, particularly when showering, bathing, or washing dishes or clothes. Student is required to notify the property management promptly about the existence of visible mold or mildew, water leakage or overflow in or about the premises. To ensure a minimum of wear to the furniture, bedroom furniture must remain in the Student's room and unit common area furniture must remain in the unit common area. Student is prohibited from removing furniture from the apartment. Fees for damages to the Student's assigned building and/or community based upon assessment of joint liability with other occupants of the same building and/or community may be charged.

20. **BED BUGS:** UC Davis takes a proactive approach in addressing the issue of all types of household pests, including bed bugs. It is our goal to maintain the highest quality living environment for our residents. Student Housing and Dining Services has no prior knowledge of a bed bug infestation or has professionally treated the room for bed bugs. Any student who suspects they may have bedbugs in their room is required to immediately notify the property management to report the problem. An inspection will be scheduled and treatment will be done if bed bugs are present. Student may be temporarily transferred to another space while their room is being treated and re-inspected. Student will be asked to leave all belongings in the room for treatment while they are relocated. Student is advised to avoid buying or receiving used furniture, mattress pads or covers due to possible "hitch hiking" of bed bugs into the room. Bed bugs may also be carried into a room in luggage, backpacks, clothing and packages. Resident owned belongings that are found to have bed bugs must be permanently removed or treated and re-inspected by a trained professional before being returned to the room. If bed bugs are brought to site due to resident behavior, Student may be held financial responsible for treatment.
- A. **Information about Bed Bugs | Bed bug Appearance:** Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden. | **Life Cycle and Reproduction:** An average bed bug lives for

about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days. | Bed bugs can survive for months without feeding. | Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

- i. Common signs and symptoms of a possible bed bug infestation:
  - a. Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.
  - b. Molted bed bug skins, white, sticky eggs, or empty eggshells.
  - c. Very heavily infested areas may have a characteristically sweet odor.
  - d. Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

B. For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

21. **CONTRACT PROVISION:** Student acknowledges that Owner may assign this Contract to Wilmington Trust, National Association, its successor and assigns (the "Trustee"). In the future and during the term of this Contract, Student may be required to follow the instructions of the Trustee, its designee or subsequent owner from time to time upon the terms set forth in the Contract.

22. **ADDITIONAL FEES.**

- A. Fees incurred will be billed and collected by CHF, the Owner or University of California, Davis Student Housing and Dining Services.
- B. **LOCK OUT FEES.** \$50 fee for every lock out. A lock out is considered staff assistance with access to the building, Student's apartment, or Student's room.
