# AGGIE INFO and HELP LINE

*Supporting your transition to campus this fall.*

**530-752-4636**

[bit.ly/aggie-info](http://bit.ly/aggie-info)

We've missed you, Aggies! With the return to in-person instruction and activities this fall, and many students arriving on campus for the first time, you may have more questions than usual about your transition to campus. From public health concerns to last minute housing arrangements, adjusting to in-person academics and more, the Aggie Info and Help Line, a service of the Aggie Compass Basic Needs Center, is here to help. Call **530-752-4636** or submit your question here [bit.ly/aggie-info](http://bit.ly/aggie-info). For more information on the return to campus and frequently asked questions, visit the [Campus Ready website](#).

### New student Enrollment in Duo

Duo is a multi-factor authentication app that makes it much harder for hackers to access your UC Davis accounts. Even if someone has stolen your passphrase, they need a "second factor" — in most cases a temporary numeric code, to access your account.

**New students who have signed their Intent to Register and set up their computing account were enrolled in Duo automatically in July.** Following enrollment, new students will still need to take the steps to register their smartphone or device to use Duo. This video provides a step-by-step instruction on how to complete the registration. Visit <https://movetoduo.ucdavis.edu> for more information.
